

Fynbos Quilt Festival

create - connect - care

The Beehive Project ✨

Join the hive! Let's come together as a community of creative makers to build a stunning, collaborative beehive, one hexagon at a time!

We're inviting all quilters, crafters, and artists to design a **4½" hexagon** (flat side at the top) and decorate it in any way you like. Your hexagon will be part of a massive art installation, celebrating the beauty of the **West Coast Biome**, from flowers and birds to fossils and insects.

During the festival, the completed hexagons will be **sold or donated** to support community outreach projects. This is your chance to leave your mark and make a difference!

How to Participate

-  **Create a hexagon** (4½" sides, flat edge at the top).
-  Use **fabric** as a base—or surprise us with something unique!
-  Decorate using **any craft technique**—embroidery, beading, painting, appliqué, quilting, mixed media... anything goes! (If using delicate materials, please stabilize your piece.)
-  Finish the edges neatly, and stick to the final size of 4½"
-  **Sign your name** somewhere on the front.
-  Attach a **4" strip of hook-side Velcro 1cm from** the top edge at the back—this is how we'll build our hive!
-  Make as many hexagons as you like – let's fill the hive with creativity!

Be Part of Something Special!

This will be a one-of-a-kind collaborative artwork, showcasing the incredible talent and generosity of our quilting community. Don't miss the chance to have your hexagon included in the hive!

-  **Drop-off:** 9 August 2025 at GHQG Quarterly Meeting
-  **Deadline:** 19 September 2025 (To be delivered at quilt collectors as on Quilt Entry Form.)

For alternative delivery arrangements (courier/PostNet/Pudo) or drop-offs, please contact Ronél Pistorius [email](#) or 072 476 7678.

Let's build something beautiful, meaningful, and full of heart - together!
